Course Description: You will develop your skills through a variety of practical activities that will prepare you for life and work. You will gain a full qualification.

You will:

- Take part with other learners to develop skills for work that you already have as well as some new ones.
- Learn how to organise yourself, work as part of a team and take responsibility for yourself and others.
- Build up your self confidence to help you deal with difficult situations and learn how to work with adults.

Additional Information (if needed):
